## DR. HULL'S VEGETABLE FEVER AND AGUE AND ANTI FEVER PILLS.

*certain and effectual Cure for Ague and Fever; also used successfully in the treatment of Bilious Fever, nausea, general debility, and nervous weakness.*

The most flattering recommendations of this Medicine have been received from many eminent Physicians and others who have used it. And it is presumed that no medicine has ever been used whose action has been more beneficial, pleasant, invigorating, and called forth from afflicted sufferers such expressions of heartfelt gratitude and thankfulness. When taken according to the directions accompanying them, they never fail to cure the chill and fever the first day, and never sicken the stomach or operate upon the bowels.

Their action upon the whole system is so charming, that persons are invariably surprised and pleased with their rapid and complete restoration to health.

The pills are purely and solely vegetable, and the happy combination of the ingredients and their proportions are such as to produce a medicine which never fails to relieve when relief is at all attainable. Each box contains 20 doses of Pills—Price, One Dollar.

## IMPORTANT CAUTION

THE public are hereby cautioned against being imposed upon by paying, in these hard times one dollar and 25 or \$1 50 for a box of pills or a bottle of any kind of medicine to cure chills and fevers, when Hull's fever and ague and anti-fever Pills can be had for only \$1 that have never failed in a single instance of curing the Chills and Fever, when used according to the directions accompanying them. Remember this, and next time get Hull's Pills, and thereby save your half a dollar.

## DR. SPENCER'S VEGETABLE PILLS

A PUBLIC BLESSING.

THESE Pills have long been known and appreciated for their extraordinary and immediate powers of restoring perfect health to persons suffering under nearly every kind of disease to which the human family is liable.

They are particularly recommended to all those persons who are afflicted with any kind of a chronic or lingering disease as there is no medicine before the public which has so natural and happy effect upon the system in correcting the stomach and liver, and to the formation of healthy chyle, and thereby purifying the blood.

They are acknowledged by the hundreds and thousands who are using them to be not only the most mild and pleasant in their operation, but the most perfectly innocent, safe and efficient medicine ever offered to the public. Those who once made a trial of these pills, never afterwards feel willing to be without them and call again and again for more, which is sufficient proof of their good qualities.

**Headache, Sick and Nervous.**—Those who have suffered and are weary of suffering with this distressing complaint will find Spencer's Vegetable Pills a remedy at once certain and immediate in its effects. One single dose of Pills, taken as soon as the headache is felt coming on, will cure it in one half hour entirely.

As a remedy in *Stomach and Bowel complaints*, they display their wonderful powers to admiration and are far superior to any thing in use for these complaints.

In *Dyspepsia and Liver Complaints*, they stand unrivaled. Many have been cured in a few weeks, after having suffered under the dreadful complaint for years.

In *Habitual Constiveness*, they are decidedly superior to any Vegetable Pill ever brought before the public; and one 25 cent box will establish their surprising virtues, and place them beyond the reach of doubt in the estimation of every individual.

They are invaluable in nervous and hypochondriacal affections, loss of appetite, and all complaints to which females alone are subject. They are mild in their action, and convey almost immediate conviction of their utility from the first dose. They may be taken by persons of any age; the feeble, the infirm, the nervous

and delicate are strengthened by their operation, because they clear the system of bad humors, quiet nervous irritability, and invariably produce sound health. Upwards of 370,000 boxes of these inestimable Pills have been sold within 12 months in three States alone, and more than three times the same quantity in other States. As an anti-bilious medicine, no family should be without them. A single trial of them is more satisfactory than a thousand certificates.

Price, 25 cents per box, with directions.

## Great Enterprise!

UNITED STATES

SATURDAY POST

AND CHRONICLE.

A FAMILY NEWSPAPER OF THE

MAMMOTH CLASS.

THE proprietors of the Saturday Evening Post have purchased the entire establishment of the "Saturday Chroni-

cle," and also that of the "United States" weekly newspapers, the immense subscription list of which concerns they have united with the heavy list of the SATURDAY POST, a family newspaper of 22 years standing, and now issue the three in one under the title of "The United States Saturday Post and Chronicle." The present number will commence THE TWENTY-FOURTH VOLUME, and with the superior facilities now possessed by the proprietors, they can afford to publish a larger, handsomer, and better paper for the money than can be had elsewhere. The editorial department will be under the control of several gentlemen of high literary standing and ability, and will be conducted with a degree of vigor and spirit that must render the paper one of the very best ever issued in the country. The great size of the sheet will enable the proprietors to give a greater variety of original and selected matter than can be found in contemporary sheets. The matter will in many respects be of a different quality. The design of the proprietors being, to make a

A First Rate Family Newspaper

in every particular, calculated to meet the

page of these highly popular discourses with but little cost. The great size of the paper also enables us to give all important Congressional Proceedings at length, and all reports and other public documents in full, together with occasional Congressional Speeches in full.

## THE FARMERS.

It is intended to make the paper one of great interest to the Farmer, by giving the Reports of the different Agricultural Associations; the new inventions; late experiments in tilling, and able papers from every source entitled to confidence; so that the Agricultural portion of the community will find in its columns, without entrenching upon other matter, all that is desirable to know, without the expense of a separate journal.

## AS A NEWSPAPER.

As a weekly newspaper, it is believed that the "THE UNITED STATES SATURDAY POST" is not equaled by any weekly literary paper now existing. It contains a full and well digested account of every matter of news up to the hour of printing. This is a great desideratum to those who take only a single weekly paper, and which means less extensive than those connected with the establishment cannot accomplish. The number of persons employed, and the steam-power engaged in the publication of this paper, altogether surpasses that of any other of a similar character.

In short, the UNITED STATES SATURDAY POST is considered in all respects equal, if not superior, to any of its class, while in price it is far cheaper. Instead of three dollars a year, which is the price of the two mammoth newspapers of New York, and the two of Boston, the subscription of the "UNITED STATES SATURDAY POST" is only Two Dollars a year, per single copy.
